Consensus Consulting Appoints Non-Executive Directors

Directors support new business services offerings In Energy and Pharmaceutical Sectors

Cambridge, April 1 2003 – Consensus Consulting has appointed Brian Pim and Professor James Burnie as Non-Executive Directors. This is part of the evolving strategy to enhance the company's business service offerings in the Energy and Pharmaceutical sectors.

“Over the last six months customer's have been telling us that they need strong partnerships with Services companies that can provide strategic consultancy specific to their sector, allied to strong technology management and implementation skills”, said Alan Henderson CEO of Consensus Consulting, “These appointments significantly advance our knowledge in the Energy and Pharmaceutical sectors which with our historically strong technical infrastructure competency will allow us to meet this customer requirement.”

Professor James Burnie is a founder of NeuTec Pharma plc having formed the Company with Professor Ruth Matthews in February 1997. He became Medical Director in February 1997 and then Chief Executive Officer in May 2000. He has spent 18 years in the research of infectious diseases and has been director of the University Department of Medical Microbiology, which serves the central Manchester teaching hospitals, since 1989.

Brian Pim is a geophysicist with many years experience working in the Energy sector worldwide. He was awarded an environmental award for services to the UK in minimising disruption to cetaceans during the seismic process as well as holding positions within the UKOOA Seismic Committee and being Director of the CDA. He is currently the Business Development Director for Instant Libraries who provide a comprehensive approach to the management of knowledge within corporate and government organisations.
