Vision Systems Software and Consensus Consulting Provide New Business Solutions for the Caribbean

London, 28 February 2006 – Vision Systems Software, a major solutions provider in the Caribbean, today announced a new strategic partnership with Consensus Consulting, an International IT management and services consultancy. The partnership will bring together Vision Systems Software’s business application solutions expertise and local knowledge of the Caribbean business environment with the IT management and operations services expertise from Consensus Consulting.

Since inception Vision Systems has carefully selected business applications for their Caribbean clients to ensure that they are effective, feature-rich and stable - and perhaps most importantly, provided in conjunction with specialized partners. The partnership with Consensus Consulting extends Vision’s capabilities by providing technologies and infrastructure solutions developed in a global marketplace.

Vision Systems Software was formed in 1990 and has always been focused on providing business solutions which have been developed using the latest tools and which are supplied to work with the leading relational database systems. Vision Systems is also dedicated to providing open solutions to meet the challenges of doing business in today’s competitive environment, with application packages targeted towards the Financial Services, Government, Retail, Wholesale, Distribution and Utilities markets.

Michael Evans, Chief Executive for Vision Systems Software comments, “We are pleased to have Consensus Consulting Limited as a valued business partner. This relationship will allow us to jointly develop key technical and business solutions for customers both in the Caribbean and Internationally and continues our emphasis on providing Clients with open-ended, flexible solutions that enable them to integrate new technologies.”

“Vision Systems Software is a well established and respected supplier of Information Technology solutions and we look forward to working with them to increase our customer base and give us a foothold in the Caribbean.” said Alan Henderson, CEO of Consensus Consulting. “Through the unique combination of Business Applications expertise from Vision Systems Software and our Management and Operations Consultancy Services, we have a total solution, offering maximum availability and efficiency for Caribbean clients.”
